Special Board Meeting August 6, 1973 Board of Trustees 7:30 P.M.

Present: Mayor Sidney J. Fitzgerald, and Trustees Warner Strong, Robert Brown, and Lloyd A. Green. Absent, Trustee David McGuire. Deputy Clerk, Phyllis Dickinson.

Vil. of Manches-ter Officials: Representatives of the Village of Manchester in attendance were: Mayor Francisco Liberty, Trustee Robert Carr and Village Attorney John Tyo.

Review of Wat. Con-tract: Mayor Fitzgerald reviewed negotiations of the water contract between the Village of Manchester and the Village of Palmyra outlining the desire on the part of the Village of Manchester about ten (10) years ago, which prompted them to request a connection to the Village of Palmyra Water Line, which, in essence, is located in the Town of Manchester, in order that they might be assured of sufficient water should their wells become dry, especially in the fall. Ultimately, after the proper legal formalities of application to the State Water Control Commission, the connection was made, a test was run, and the contracts signed first in 1963 with a modification in 1967. After the test flow, it was not necessary or has not been necessary for the Village of Manchester to obtain water from the line.

Manches-ter Comments: Attorney John Tyo mentioned the correspondence which began last fall and eventually a meeting was arranged in February to discuss the dormant contract. Attorney Tyo commented that the former Trustee F. Alderman emphasized that the Village of Palmyra has had to pay very high taxes on the water line which stretches through the Town of Manchester but there was no demand that the

August 6, 1973

**Manchester
Comments:**

Village of Manchester would be the recipient of a water bill for unused water. The situation was complicated by the fact that the Village of Palmyra was being "milked" by taxes which, if assessments could be lowered, would help the financial picture of the Village of Palmyra Water Fund. With this thought in mind, of attempting to lower the assessment, the Village of Manchester was surprised to receive a bill of \$23,130.00, in early June, when almost simultaneously, the Village of Palmyra received a notice from the Town of Manchester indicating a decrease of assessment of \$12,000. on the water line.

**Questions
& Comments:**

Trustee Strong queried if the Village of Manchester planned to renew the contract in years to come.
Mayor Liberty intimated that he felt the Village of Manchester probably would want to keep the contract.
Trustee Brown interjected that with the reduction of the assessment and ultimately, taxes, all of this should be taken into consideration.
Trustee Strong reiterated that since the reduction of assessment, negotiations may be in order.
Attorney Tyo questioned what would be the value of keeping the contract in force. A check with their engineers would be in order.
Trustee Strong suggested that an agreement may be reached on a present figure of amount due and then establish the current contract for the future.
Attorney Tyo felt that knowledge of the tax rate would be of value in determining what the reduction in dollars would amount to, to the Village of Palmyra; and secondly, how highly does the Village of Manchester regard the contract.

**Future
Meeting:**

A date of September 17, 1973 at 7:30 P.M. was set for the villages to confer in the Village of Palmyra offices.

Adjourn:

Mayor Fitzgerald adjourned the meeting at 8:20 P.M.

Cabins,
E. Main:**

Two loads have been removed, he advised, but of course there are many more.

**Market St.
Prop.'s
Unfit:**

Zoning Officer Wideman further commented that he had received a letter from Robert Purchase, attorney for David Baker, owner of apartments at 111, 116 and 120 Market Street, as a result of notices placed on the properties as being unfit for occupancy by Wideman, which requested a hearing before the Zoning Board of Appeals and further stipulated that Wideman refrain from entering the specified apartments for inspection. Mayor Fitzgerald volunteered that he had been inside the premises and advised Wideman to do whatever he felt necessary as he, the mayor, felt the places, fire traps.

 On motion by Trustee Strong, 2nd by Trustee Green and carried, the Fire Department was instructed to obtain written permission from John Blazey to use his land as an access roadway, village crews to provide fill to form a solid roadway for the passage of heavy trucks.

Clerk directed to write a letter to him thanking him for his group's efforts.

He indicated that the market may get worse before it gets better. He suggested selling some stocks at this time to improve the income. A letter will be forthcoming outlining the suggested stocks to be sold and purchases to be made. If the board approves, the transactions can be made.
- Comm. Ctr.:** James Cunningham commented on the present request of the center for a portion of the Revenue Sharing Funds. Mayor Fitzgerald reiterated his desire to allocate more funds to the youth, possibly, \$5,000.00. Remarks revolved around a proposed Youth Center to be erected on the Palmyra Agricultural Society Fairgrounds, a specific area so designated by the association for this purpose. Trustees Brown and Green proposed to Mr. Cunningham that they entertain the idea of an engineering study as to possible costs for such a structure and then report back to the Village Board. Motion by Trustee Strong, 2nd by Trustee Brown and carried, to table the matter until such time as the Community Center Board has some concrete ideas.
- Landfill:** Board commented that a bill should be sent to the Town of Palmyra in accordance with a verbal agreement at the time the Village of Palmyra accepted the bid of Allen Granger for operation of the landfill, in the amount of \$6,000.00, which is one-half (1/2) of the flat charge stipulated in the bid in addition to the \$1.00/yd. of debris. Clerk so instructed.
- Fire Contract:** The Fire Contract between the Town of Palmyra and the Village of Palmyra will expire on 12/31/73. - Raw Wat. Line:** Attorney Laura Jane Poyzer advised that she had discussed the matter of the easement of the Neuman Tavern at the intersection of Lake Shore Drive and East Lake Road in Canandaigua with John Redmond, attorney for the Tavern, in connection with the Village of Palmyra Water Line over which part of the tavern is placed. The tavern owners are aware that this is the case and will try to cooperate with the village in order to repair the leak in this area. Miss Poyzer intimated that it is possible that the pipe line may not be in the spot that is so marked on the map. Trustee Strong informed the board that he would contact Wayne Ackert to arrange a conference on the matter.

- Raise Wage of Court Clerk: Motion was made by Trustee Strong, 2nd by Trustee McGuire that in view of the additional work in recent weeks for the court clerk, Mrs. Jean Drake, that her rate of pay be on an hourly basis at the rate of \$2.30/hr. rather than a monthly basis of \$60.00/mo. - E. Lawrence Viol. Sew. Ord.: Clerk had previously sent a certified letter to Ernest Lawrence, owner of property on Laurentian Drive, which he was renting, relative to informing him that hookup to the sanitary sewer line was imperative. To date this had not been done. Attorney Poyzer commented that a Civil Action could be brought if Mr. Lawrence persisted in ignoring the ordinance. Attorney Poyzer agreed to write an appropriate letter outlining the action to be taken by the village, if Mr. Lawrence continued to ignore the request to connect.
- Annex. Howell & E. Foster: Clerk advised that Attorney Poyzer revealed that a Special Election held by the Town of Palmyra residents involved in the annexation of Howell and East Foster Street, would be required before further legal matters could be consummated. Town has been made so aware.
- Zon. Offc. To Attend Plan. Brd.: Mayor Fitzgerald commented that he had received a letter from Zoning Officer Wideman, which suggested for the best interests of the village, he, Wideman, felt it apropos that he be in attendance of all Planning Board meetings. Weeds: Mayor Fitzgerald informed the board that he had discussed the overgrowth of weeds at the corner of Market and Canal Street, southwest side, which had been levelled by the Urban Renewal Agency, following the acquisition of property in this area. It was the suggestion of the Urban Renewal Agency that village crews be instructed to remove the weeds in this area, keeping a record of their time, the equipment and machinery used for the job, which would become a part of the "in-kind services" of the Village.

A.Granger: Allen Granger, owner of Hillcrest Development, and contractor for the landfill on Garnsey Road, owned by the Village of Palmyra, informed the board that he had received a certified letter from Supervisor Bedette, Town of Palmyra, informing him that he must discontinue placing rubber, plastics, etc. (this would include tires, plastic garbage bags) in the landfill in accordance with the Town of Palmyra Dumping Ordinance. If continued, a \$100.00/day fine could be imposed. Mr. Granger asked the Village to intercede for him to request a cancellation of the fine, pending the changing of the Town of Palmyra's ordinance. Clerk instructed to so inform the Town of Palmyra.

Landfill Users: Mr. Granger informed the board that Dugan Enterprises, a refuse collector for Garlock, Inc., is presently dumping in the Village landfill. By agreement with Dugan, Mr. Granger commented that he is receiving \$15.00/load in cash from Dugan, and the Village is to receive \$3.00. In addition, Ontario Refuse, who is the collector for Salzburg Village, off Laurentian Drive, has agreed on a price of \$20.00/container, with Granger to receive \$12.00 and the Village, \$8.00. Board commented that refuse tickets should be obtained at the village clerk's office by the haulers.

School
Traffic
Hyde Pk.
& W.Main:

C. G. Hutt, Superintendent, Palmyra-Macedon School, wrote a detailed letter to the board outlining the need for additional time to be allocated for the police women who guide the children across strategic intersections adjacent to the Canandaigua Street School and assist car traffic at the corner of Hyde Park & West Main. Trustee Strong commented that he would agree with extra coverage at Canandaigua & East Jackson, for an earlier hour, but would like further explanation from Mr. Hutt relative to having someone assist the buses in moving out into the early morning traffic. Board agreed to invite Mr. Hutt to the next board meeting on 9/10/73.

Woodward
Assoc. re
Sew.Plant:

Olgerts Sneidze, Woodward Associates informed the board that alterations had been completed with the exception of some grading and seeding of lawn area at the sewer plant. A final inspection by the Federal Gov't. will be on September 12, 1973 at 10:00 A.M. Mr. George Zafferes, will not only inspect the plant but will obtain record information of costs from the treasurer. Mr. Sneidze, further informed the board, that in all probability the government will allocate an additional grant of our work on Pollution Control up to 85% which would reduce the village cost of the total project to about \$87,000.00, rather than \$135,000.00 to \$150,000.00 as originally planned.

H.Morell
Complaint:

Harry Morell, owner of the Liquor Store at 313 East Main St., informed the board that the tenants above his store not only give the area an untidy appearance by sitting on the window sill and dangling their legs out of the 2nd story window, but have also dropped lighted cigarette butts on his awning, burning many holes in same. He asked that the board take some action to curb these acts of disregard for other's property.

Signs:

General discussion of signs for side streets. Attorney L.J. Poyzer commented relative to the case pending by Lawrence Potter, owner of the Laundromat on William Street. Miss Poyzer stated that such a matter could be prosecuted by the Assistant District Attorney, in accordance with State Village Law.

Town Lease
to Vill.
for Barn:

Miss Poyzer commented that the access road to the property where the Town Barns are located and where it has been suggested that the town lease a portion of the unused land to the village for the placement of village barns on Kent Street, is owned by the State of New York. At present there is nothing in writing. A part of this area may be condemned in the future should the re-routing of Rt. #31 be placed in this area.

E.Main
St.
Lites:

Mayor Fitzgerald commented that he had noted that where the four 52,000 lumen mercury lights had been placed between Market & William and Cuyler and Fayette on East Main Street on a trial basis by the NYS Elec. & Gas, that shadows had been cut out and the area was lighter.

Remove:

Motion by Trustee Green, 2nd by Trustee Strong and carried, that the New York State Electric & Gas be informed to remove the (4) trial lights until such time when merchants may come to the board to request the additional lighting on the street.

Request
Slo-
Children:

Mrs. Ronald Rhinewald, 116 East Charlotte, called the office to request that the village place signs on this street to warn vehicle traffic of children at play. Board agreed that most streets in the village have this same problem and if signs are placed in one area, they should be placed in all.

of Funds:

A letter received from Mr. R. V. Callahan, Asst. Sec'y., Marine Midland Bank, suggested the selling of various funds in both the P. T. Sexton Trust and Cemetery Trust Funds and purchase other bonds and stocks. Board agreed to table the matter for next board meeting.

In the Matter of the Petition of the
Mayor, Board of Trustees and property owners
of the Village of Palmyra requesting
the Town Board of the Town of Palmyra
to exempt all property in the Village of
Palmyra from the levy and collection of

PETITION

TO THE HONORABLE SUPERVISOR AND MEMBERS OF THE TOWN BOARD OF THE

2. That the Town of Palmyra annually levies and collects taxes
against real property within the Village of Palmyra to pay for items
provided for by subdivisions 3 and 4 of Section 141 of the Highway Law.
3. That taxes levied and collected against real property within the
Village of Palmyra for subdivision 3 of Section 141 of the Highway Law
are used for the purchase, repair and custody of highway machinery, tools and
implements used on town highways, which highways are located outside the

4. That taxes levied and collected against real property within the

6. That the Legislature of the State of New York has provided by law
a procedure whereby a Town Board may exempt real property owners in villages
from taxes levied by towns for items 3 and 4 of the Town Highway Budget.
7. That such authority to exempt real property owners in villages

from such town highway taxes was granted to town boards by the State Legislature in recognition of the unjust double burden of taxation paid by village real property owners for the maintenance of highways.

8. That, on information and belief, none of the money levied for the removal of snow from town highways by the town government has been used for the removal of snow from village streets.

9. That, on information and belief, none of the highway machinery and equipment purchased and maintained by the town from taxes levied pursuant to the provisions of the Highway Law have been used for work on village streets but such machinery and equipment is used exclusively on town streets outside of the village.

Hsg. Auth.: N.Y. State Assoc. of Renewal & Housing Officials, Inc. informed the Village on August 9, 1973 that the N.Y.S. Legislature earlier this year had created a housing authority for the Village of Palmyra. General discussion ensued relative to who might be members of the Housing Authority, such as village board members. Inasmuch as the Village of Newark, under the supervision of Jack Kenny as Housing Authority Director, has had some experience in this matter, it was suggested that he be asked to attend the next regular board meeting as well as William Roche, Urban Renewal Director for the Village of Palmyra.

Canal Tn. Nursery School: Mayor Fitzgerald read a letter which he had received from the Planning Board relative to the establishment of a Nursery School in the Presbyterian Church. Clerk advised a hearing had been held and the Zoning Board would be conferring on 8/28/73 at which time a decision would be made, whether or not to allow the use as requested in the R--2 Zone. Findings and decision would then be drawn by the Village Attorney and the Nursery School would receive a copy of the findings and decision.

Flood Ins.: Trustee Green asked Attorney Poyzer to draft two (2) resolutions for the board relative to flood insurance for village residents.

Landfill: Addendas have been drawn by Trustee Green, who gave them to Attorney Poyzer for her to draft in legal terminology. The rules and regulations were originally drafted in 1968 for materials that might be dumped in the landfill. The Town of Palmyra patterned an ordinance incorporating most of the rules and regulations suggested by the village. It is the prerogative of the Town of Palmyra to amend the ordinance.

Airplane Complaint: Trustee Green advised that he had received calls relative to airplanes swooping too low over various parts of the village. Trustee Green commented that he had called the Aeronautical Board which informed him that unless the complainers were able to obtain the number on the plane, that they could do nothing.

Wideman Letter to Fair: Zoning Officer Wideman sent a copy to the Mayor of a letter which he had written to the Palmyra Fair Association complimenting them on the cooperation on their part for the installation of electrical facilities and more important of sewerage holding tanks for use of the trailers temporarily at the fair.

Mutual Fire Aid Drill: Permission was received from John Blazey, owner of the property adjacent to the Canal over which the Fire Companies desired to transport trucks on September 8, 1973 beginning at noon, for a Mutual Aid Drill. Prime target would be the Webaco Oil Co. on Division Street. Village crews will prepare the roadway as requested by the fire department.

Lozier Request: A letter from Wayne Ackart, Lozier Engineers, indicated that any rubble from demolished buildings in Urban Renewal could be placed in the Erie Canal Bed. However, he emphasized that the Dept. of Environmental Conservation at Avon should be contacted prior to doing this.

Conf. of May. Letter re: Tax Relief: A letter from the Conference of Mayors urged all village officials to petition the Town Board to exempt the Village from certain town taxes such as on highway machinery and for removal of snow from town highways, as well as cutting of brush in the town. Petition was signed by all board members and clerk instructed to submit to the Town of Palmyra.

Citizenship Day: A request from the U.S. Dept. of Justice Immigration & Naturalization Service has requested that the Mayor of the Village proclaim September 17, 1973 as Citizenship Day.

Proclamation
re: Citizen-
ship Day:

The following Proclamation was made by Mayor Sidney J. Fitzgerald to proclaim the week of September 17th to 21st, 1973 as Constitution Week and to further designate September 17, 1973 as Citizenship Day:

BE IT RESOLVED THAT, the Village of Palmyra so proclaim September 17, 1973 as Citizenship Day at which time thought should be given to endeavor to uphold the principles so bravely and wisely chosen at the time the Declaration of Independence was drawn.

Adjourn: Mayor Fitzgerald adjourned the meeting at 10:00 P.M.

Theresa P. Otte, Clerk Treas.

On motion by Trustee Strong, 2nd by Trustee Green and carried, minutes were approved with the above amendment.

P. Rubery
Attorney: Paul Rubery, Village of Palmyra Police Justice, commented to the board that he had noted on the one-way streets in the village, there were no signs with arrows which denoted the direction of one-way. Mr. Hutt suggested that it might be well for the board to view this situation. Mayor Fitzgerald suggested a light might be of value. On motion by Trustee McGuire, 2nd by Trustee Brown and carried, the board informed Mr. Hutt that a traffic coordinator would be instructed to assist the school buses both in the morning and the afternoon. Canan. Trustee Strong commented that at a recent meeting with the owner of the Tavern in Canandaigua, corner of East Lake Road and Lake Shore Drive, their attorney, and Attorney Laura Jane Poyzer, and Wayne Ackert, Lozier Engineers, it was the suggestion of the Tavern Owners, that they hire contractors to excavate, shore up the hole, and be responsible for the cost of the work with the exception of the cost of the sleeve, about \$300.00, and allow the village to approve of the work of the contractors. It was agreed that Hiram VanEtten, should be asked to keep a check on the project.
