Dated: 8-13-97

Completion date: 9-13-97

CARRIED. Trustee Guest asked that a thank you be sent to him. Village Clerk reported that was common practice.

### **NEW/OLD BUSINESS**

**BOB RIDER:** Request from property owner, Bob Rider addressed the Board to request that his “phantom” sewer bill be reduced. After reviewing the procedure for the yearly account review once again, Mayor Wilson stated that any changes to procedure would have to be undertaken with a new local law. Mr. Rider thanked the Board for their consideration and departed. Roy McMaster, who happened to be here for some bonding business, commented that he thought the way we figure the sewer billing is archaic. There is another way we could consider with the solution built right into our software program that would be more accurate. (Sewer charges would be based on the previous quarter usage.) This would also involve a new local law. Roy agreed to bring back some recommendations to the Board in September.

**STEVE AUSTIN:** Steve Austin introduced himself to the board as the new owner of the old Sherbune Ford building on Main Street. They would like to return the building to how it looked back in the 1920’s, which will mean that the macadam out front will have to be removed (like what was done in front of the old Post Office) and sidewalk put back in. Mr. Austin asked if the Village would be willing to provide the sidewalks. Trustee Celentano reported that the highway crews were booked for the next few weeks and he would have to check into the fiscal end of as well. Trustee Celentano promised to let him know.

**P.T. FREUND:** The request from P.T. Freund Corp. to have the late charges waived from their account was discussed. It was decided that this request might better be addressed to and by the Post Office. Wilson moved to have the Village Clerk send them a letter denying their request based on the evidence we have and send a copy to Postmaster J. Johnson. Second by Trustee Gunkler. Vote 4 ayes. CARRIED.

**WATER TOWER AND GATES STREET:** Based on recommendation from Sniedze Associates and Atty. Nesbitt, motion made by Trustee Guest, second by Trustee Gunkler to approve final payment to Global for the painting of the water tower and to Villager for the Gates Street project. Vote, 4 ayes. CARRIED.

**BONDING:** Mayor Wilson introduced Roy McMaster who will be helping us with the next bond projects. Mayor Wilson asked Mr. McMaster if the first step would be for us to declare ourselves as lead agency for the projects for the purpose of filing the SEQR forms. Mr. McMaster discussed the spreadsheet he provided which identifies the projects and the maximum time allowed by law for re-payment for each. It was decided that each project should be given an identification number. The following ID numbers were given:

H27 - the North Parking lot - reconstruction and addition

H28 - Road resurfacing - various streets

H29 - Jackson Street (road reconstruction portion)

H30 - Hyde Park and Foster Street - water line replacements

H35 - Jackson Street (water line replacement)

H36 - Retirement debt

Projects may be combined into a single bond but the shortest maximum time frame allowed must be used to determine repayment for the entire bond. In light of which, the projects were divided into two sections. Ten (10) year bond projects were grouped together (North parking lot, road resurfacing, Jackson St. road repair and the retirement debt) and 40 year bond projects were grouped together (Jackson Street, Hyde Park and Foster Street water line replacements). Based on the above information the following resolutions were offered:

**LEAD AGENCY:** Mayor Wilson moved that the Village of Palmyra be declared lead agency for SEQR purposes for the projects as identified previously as such

H27 - the North Parking lot - reconstruction and addition

H28 - Road resurfacing - various streets

H29 - Jackson Street (road reconstruction portion)

H30 - Hyde Park and Foster Street - water line replacements  
H35 - Jackson Street (water line replacement)  
said Mayor is authorized to sign for lead agency. Second by Trustee Gunkler. Vote, 4 ayes. CARRIED.

Jackson Street, Hyde Park and Foster Street water line replacement. (b.) resurfacing of Village Streets and c.) rehabilitation of North Main St. Parking lot; and

WHEREAS, to aid the Board of Trustees in determining whether such Projects and financing and other actions of the Village in connection therewith (these “actions”) may have a significant effect on the environment, the Board has caused to be prepared an environmental assessment form or similar information (“EAF”), copies of which is attached hereto; and

1. Based upon the review by the Village Board of Trustees of each EAF and other necessary criteria, the Board hereby finds that the object of the above-referenced actions and approval on any financing therefor (a) will result in no major impacts and therefore, is not one which “may have a significant effect on the environment,”(b) will not have a “significant effect on the environment,” and (c) no “environmental impact statement” need be prepared, as such quoted terms are defined in SEQR. The motion having been duly seconded by Mayor Wilson the following votes were cast:

AYES	NAYS
Mayor Wilson	
Trustee Guest	
Trustee Gunkler	
Trustee Celentano	

**ENGINEERING SERVICES:** Sniedze Associates has provided itemized engineering contracts for each of the proposed capital projects that are to be bonded.

**STOP-STICKS:** First of all, Chief Dalton reported that ACO, Gary Rose used the Building Dept. car to run to Albany for Wayne County Health Department. The chief then reported on the recent rash of chases through the village. One was a high-speed chase and we are fortunate no one was hurt. There is a product on the market that the Chief would like to purchase. It is a piece of equipment that is laid down across the road and deflates the perps tires. It doesn't blow the tires just deflates them slowly. Mayor Wilson feels that this is something that should be expended out of Capital Reserve. The Chief feels he can take it out of his budget now and probably be able to reimburse it through donations in the next few months. Motion to approve the expenditure of \$758.00 for the purchase of 2 sets of "Stop-sticks" (one set for each police car), second by Trustee Guest. Vote 4 ayes. CARRIED

Motion to take a five minute recess by Trustee Celentano, second by Trustee Gunkler. Vote 4 ayes. CARRIED.

**SELF EVALUATION:** Trustee Celentano thanked the Village Clerk for her work in completing the Village self-evaluation and motioned to forward same to the US Dept. of Justice and that the Village of Palmyra extends their thanks to the EPVA for their work in completing the evaluation of the Village structures. Second by Trustee Gunkler. Vote, 4 ayes. CARRIED. And on a related note, Trustee Celentano moved to run the advertisement about the relay station in Rochester once every quarter in the paper, second by Trustee Gunkler. Vote, 4 ayes. CARRIED. An evaluation will be made of the effectiveness of the ad next year.

**ELAINE HARTNAGEL:** Thanks to the Pete, Fred, Nelson Cook and the Village/Town Highway crews for the work recently completed to her yard. It should solve the drainage problem there for many years to come.

**MISC:** County expects a bill to be submitted by Gary Rose for running to Albany for them. Chief said Gary would only be submitting bill for standard mileage and the Board agreed.

**EXECUTIVE SESSION:** Motion to go into executive session at 9:00 pm. by Trustee Celentano, second by Trustee Gunkler for the purpose of discussing pending litigation. Vote, 4 ayes. CARRIED.

Public Session reconvened at 9:10 pm.

ADJOURNMENT: Motion to adjourn at 9:10 pm by Trustee Celentano, second by Mayor Wilson. Vote, 4 ayes. CARRIED.

Respectfully submitted,
